

Yersinia Pestic (Plague, Botulism (Bot Pox)), and Staphylococcus Entertoxin B (SEB).

2. Chemical warfare agents are detected using M256A1 kits, Drager Colormetric tubes, M8 and M9 paper, photo ionization detectors, and an APD 2000 chemical warfare agent detector. The APD 2000 is the modern version of the Improved Chemical Agent Monitor (ICAM).

3. Nuclear materials are detected by using an AN/PRD-77 Radiac Set. The PDR-77 detects and measures alpha, beta, gamma and x-ray radiation.

(e) The Base will maintain MOPP Level 4 for 10 percent of the Base military population.

(5) Command Post Location

(a) Base: The BOC is located in Bldg 1.

(b) On-Scene: To be determined.

4. Special Installation Areas

a. Inland Waterway Security. Security of Courthouse Bay is the responsibility of the Courthouse Bay Area Commander, in close cooperation with PMO and the AC/S, ISS, which are responsible for emergency response operations for the entire Base. Upon implementation of THREATCON C, the Supplemental Reaction Force will provide security for inland waterways adjacent to Camp Lejeune, if deemed necessary.

b. Information Operations. The AC/S, Management Support Department is responsible for safeguarding information and information systems aboard Camp Lejeune.

c. Buildings. The AC/S, ISS is responsible for coordinating the overall effort of all AC/S principal staff officers, Area Commanders and tenant commanders to ensure that procedures for employment of AT/FP security measures are maintained for each building aboard this installation.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

CHAPTER 4

ADMINISTRATION AND LOGISTICS

	<u>PARAGRAPH</u>	<u>PAGE</u>
ADMINISTRATION AND LOGISTICS	4000	4-3
READINESS AND CONCEPT OF COMBAT SERVICE SUPPORT	4001	4-3
MATERIAL AND SERVICES	4002	4-3
UPDATES TO THIS AT/FP PLAN	4003	4-4

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

CHAPTER 4

ADMINISTRATION AND LOGISTICS

4000. ADMINISTRATION AND LOGISTICS

4001. READINESS AND CONCEPT OF COMBAT SERVICE SUPPORT. The AC/S, Logistics receives and coordinates all internal and external logistical support requirements from Base, tenant, DoD and non-DoD organizations. All logistical requirements will be forwarded via LOG's Operations Section.

4002. MATERIAL AND SERVICES

1. Contracting. Purchases supplies and services not readily available through the supply system.

2. DSSC. Stocks and sells consumable supplies, to include: office supplies, petroleum products, paints, lumber, etc., at designated retail issue points.

3. Food Services

a. Manages personnel and resources to prepare and serve meals.

b. Provides commanders with facilities, subsistence, supplies, and technical advice to manage their mess halls.

4. Motor Transportation

a. Provides passenger and cargo transportation support to Base and tenant activities.

b. Provides and maintains garrison mobile equipment (GME), materiel handling equipment (MHE) and engineering equipment to Base and tenant activities.

5. Property Control. Provides acquisition, issue, and management support of personnel support equipment (PSE) to include all minor and plant account garrison property.

6. TMO. Provides traffic management support to DoD, including personal property, passenger and freight support.

4003 ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

a. Class VII, End Items. End items are an owning unit's responsibility. Requirements beyond the unit's organic capability will be forwarded to II MEF, via the Logistics Operations Section, for action.

4003. UPDATES TO THIS AT/FP INSTALLATION PLAN. This Plan will be reviewed in conjunction with each annual installation AT/FP exercise cycle or as directed by the CG, MCB, Camp Lejeune.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

CHAPTER 5

COMMAND AND SIGNAL

	<u>PARAGRAPH</u>	<u>PAGE</u>
COMMAND AND SIGNAL	5000	5-3
COMMAND	5001	5-3
SIGNAL	5002	5-4

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

CHAPTER 5

COMMAND AND SIGNAL

5000. COMMAND AND SIGNAL. Specific detailed command relationships and Command and Control (C2) arrangements are situationally dependent, and will be established by the Commanding General, MCB, Camp Lejeune and promulgated via the BOC.

1. Situation A, Pre-incident Actions. C2 will normally be exercised through the Area Commanders, who will retain OPCON of those units/assets normally assigned within their areas.

2. Situation B, Incident/Post-incident Actions

a. During condition "normal," C2 will be exercised initially through PMO, with MCB, Camp Lejeune MP and Fire Protection Division assets providing the on-scene commander, and assuming TACON over the vicinity of the crisis site.

b. Upon activation of the BOC, C2 will shift to the CCMT.

3. Situation C, Incident/Post-incident Actions. During periods of heightened alert, C2 will normally be exercised through the CTMF, via the BOC.

5001. COMMAND

1. The Commanding General, Marine Corps Base, Camp Lejeune, exercises command over all forces assigned to the Base during special threat conditions.

2. The Chief of Staff, Marine Corps Base, Camp Lejeune is designated as Commander of the Crisis Management Team.

3. The Assistant Chief of Staff, Installation Security and Safety is the Commander, Threat Management Force.

4. The Provost Marshal (or designated representative) is the Commander, On-Scene Command Post.

a. Command Post is the BOC.

b. Alternate Command Post will be determined by the Commanding General (or designated representative).

5002. SIGNAL. Communications for AT/FP contingency operations will consist of telephone/OMNI-Line, 400 MHz trunked radio, tactical radio, Marine Telecommunications Center (MTCC), Wide/Local Area Network, and runners.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

APPENDIX A

CRITICALITY/VULNERABILITY ASSESSMENT LEGEND

1. The assessment process for purposes of developing the MEVA Decision Matrix addresses six factors in order to determine an asset's vulnerability:

a. IMPORTANCE. The importance of an asset is based on its (1) contribution in accomplishing the installation's mission(s), and (2) AT/FP-related function.

<u>CRITERIA</u>	<u>VALUE SCALE</u>
*Essential to mission completion	9-10
*Significant contribution to mission	7-8
*Moderate contribution to mission	5-6
*Minor contribution to mission	3-4
*No significant contribution to mission	1-2

b. IMPACT. The impact of a terrorist attack on an asset has a measure of possible military, political, economic, psychological, and sociological effects. This relates closely to the measure of asset importance.

<u>CRITERIA</u>	<u>VALUE SCALE</u>
<u>Catastrophic</u> : Death or permanent disability, system loss, major property damage	9-10
<u>Critical</u> : Permanent partial disability, major system damage, significant property damage	7-8
<u>Marginal</u> : Minor injury, minor system damage, minor property damage	5-6
<u>Negligible</u> : First aid or minor medical treatment, minor system impairment	3-4
No substantive effect	1-2

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

c. RECOVERABILITY. An asset's recoverability is measured by the estimated time required to replace, repair, or bypass the destruction of or damage to the asset.

<u>CRITERIA</u>	<u>VALUE SCALE</u>
-Replacement, repair, or substitution requires: 1 month or more	9-10
-Replacement, repair, or substitution requires: 1 week to 1 month	7-8
-Replacement, repair, or substitution requires: 72 hours to 1 week	5-6
-Replacement, repair, or substitution requires: 24 hours to 72 hours	3-4
-Same day replacement, repair, or substitution	1-2

d. VULNERABILITY. An asset is vulnerable if it is not protected against terrorism capabilities. When assessing the vulnerability of an asset, consider: (1) the nature and construction of the asset; (2) the amount of damage required to disable or destroy the asset; and (3) the capabilities and intentions of the terrorists identified in the local area Threat Assessment, which can be obtained through NCIS.

<u>CRITERIA</u>	<u>VALUE SCALE</u>
-Extremely vulnerable to the identified terrorists' capabilities	9-10
-Significantly vulnerable to the identified terrorists' capabilities	7-8
-Moderately vulnerable to the identified terrorists' capabilities	5-6
-Somewhat vulnerable to the identified terrorists' capabilities	3-4
-Not vulnerable to the identified terrorists' capabilities	1-2

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

e. ACCESSIBILITY. An asset's accessibility is the degree to which it can be reached by terrorist actions. Accessibility is measured in terms of relative ease or difficulty of movement for the terrorist element and the likelihood of detection. When addressing accessibility, refer to the *Threat Assessment for information on terrorist capabilities*.

<u>CRITERIA</u>	<u>VALUE SCALE</u>
-Easily accessible	9-10
-Fairly accessible	7-8
-Moderately accessible	5-6
-Somewhat accessible	3-4
-Not accessible or inaccessible without extreme difficulty	1-2

f. RECOGNIZABILITY. An asset's recognizability is the degree to which a terrorist can identify an asset and its relative importance to the installation.

<u>CRITERIA</u>	<u>VALUE SCORE</u>
-The asset's function requires little or no knowledge for recognition.	9-10
-The asset's function requires a small amount of knowledge for recognition.	7-8
-The asset's function requires some knowledge for recognition.	5-6
-The asset's function is easily confused with other targets or components and requires extensive knowledge for recognition.	3-4
-The asset's function cannot be recognized under any condition, except by experts.	1-2

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

APPENDIX B

THREAT LEVELS, THREATCONS, AND THREATCON MEASURES

1. THREAT LEVELS

a. There are two main types of warnings of terrorist activity: Threat Levels and Threat Conditions. Threat Levels are obtained based on the presence of a combination of the factors listed below.

b. DoD has developed a methodology to assess the terrorist threat to DoD personnel, facilities, equipment, and interests. There are six factors used in shaping the collection and analysis of information: Existence, Capability, Intentions, History, Targeting, and Security Environment.

c. Issuing a terrorist threat-level judgment is not a warning notice. Formal terrorism warning notices are issued separately. Based on analysis of information in the categories listed above, a Threat Level using one of the following five terms will be set:

(1) CRITICAL

(2) HIGH

(3) MEDIUM

(4) LOW

(5) NEGLIGIBLE

d. Terrorist Threat Levels are provided by the intelligence community and are advisory in nature. Threat Condition warnings, or THREATCON's, are the principal means a commander has to apply an operational decision on how to guard against the threat.

2. TERRORIST THREAT CONDITION SYSTEM (THREATCON's)

a. Purpose

(1) The THREATCON system describes the progressive level of protective measures implemented in response to terrorist

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

threats in accordance with references (b), (c), and (f). The THREATCON set by higher headquarters represents a baseline to which the installation commander must adhere. Assessed threat levels do not dictate the specific THREATCON posture that the installation assumes. The installation commander will declare a THREATCON Level appropriate for his/her location.

<u>CONDITION</u>	<u>DESCRIPTION</u>	<u>MEASURES</u>
NORMAL	Applies when a general threat of possible terrorist activity exists but warrants only a routine security posture.	
ALPHA	Applies when there is a general threat of possible terrorist activity against personnel and installations, the nature and extent of which are unpredictable. Circumstances do not justify full implementation of THREATCON BRAVO measures; however, it may be necessary to implement certain selected measures from higher THREATCON's. The measures in THREATCON ALPHA must be capable of being maintained indefinitely.	1-10
BRAVO	Applies when an increased and more predictable threat of terrorist activity exists. The measures in this THREATCON must be capable of being maintained for weeks without causing undue hardship, affecting operational capability, or aggravating relationships with local authorities.	1-29
CHARLIE	Applies when an incident occurs or intelligence is received indicating some form of terrorist action against personnel and installations is imminent. Implementation of this THREATCON for more than a short period will most likely create hardship, and affect the peacetime activities of the unit and its personnel.	11-39

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

<u>CONDITION</u>	<u>DESCRIPTION</u>	<u>MEASURES</u>
DELTA	Applies in the immediate area where a terrorist attack has occurred or when intelligence has been received that terrorist action against a specific location is likely. Normally, THREATCON DELTA is declared as a localized warning.	11-50

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

THREATCON ALPHA

THREATCON MEASURES	COMMAND RESPONSIBILITIES
<p><u>MEASURE 1.</u> At regular intervals, remind all personnel and family members to be suspicious and inquisitive about strangers, particularly those carrying suitcases and other containers. Watch for unidentified vehicles on or in the vicinity of U.S. installations. Watch for abandoned parcels or suitcases and any unusual activity.</p>	<p>* Disseminate THREATCON information.</p> <p>--CPAO will draft a public announcement appropriate to THREATCON.</p> <p>-- PMO will conduct Crime Prevention brief, as appropriate.</p> <p>-- ACs/S, Area/Tenant Commanders will institute proper information flow.</p> <p>* Receive THREATCON feedback.</p> <p>-- ACs/S, Area/Tenant Commanders ensure suspicious information is reported to appropriate authorities.</p>
<p><u>MEASURE 2.</u> Duty officer and personnel having access to building plans will have them available at all times for area evacuations. Key personnel required to implement security plans should be on call and readily available and able to seal off an area immediately.</p>	<p>* Personnel Availability/Capability</p> <p>-- Check/Update Recall Rosters.</p> <p>-- Inform key personnel, as appropriate.</p> <p>-- Familiarize key personnel with security and evacuation responsibilities.</p> <p>* Building/Evacuation Plans</p> <p>-- Ensure building plans are available, as required.</p> <p>-- Familiarize staff with evacuation procedures.</p>
<p><u>MEASURE 3.</u> Secure buildings, rooms, and storage areas not in regular use.</p>	<p>* Identify areas as "in use" or "not in use," as appropriate.</p> <p>* Secure "not in use" areas.</p>
<p><u>MEASURE 4.</u> Increase security spot checks of vehicles and persons entering the installation and of unclassified areas under U.S. jurisdiction.</p>	<p>* PMO</p> <p>-- Increase random vehicle checks (consider mobile checks).</p> <p>-- Institute ID spot checks at Gates.</p> <p>-- Prepare for surge ops at Vehicle Registration.</p>

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

THREATCON MEASURES	COMMAND RESPONSIBILITIES
ALPHA <u>MEASURE 4</u> (continued)	<ul style="list-style-type: none"> * Area/Tenant Commanders <ul style="list-style-type: none"> -- Ensure POV's are properly registered. -- Ensure personnel have ID Cards.
<u>MEASURE 5</u> . Limit access points for vehicles and personnel commensurate with a reasonable flow of traffic.	<ul style="list-style-type: none"> * PMO <ul style="list-style-type: none"> -- Monitor traffic flow. -- Institute control measures as appropriate. -- Identify alternate traffic routes. * Area/Tenant Commanders <ul style="list-style-type: none"> -- Initiate traffic personnel control points as necessary.
<u>MEASURE 6</u> . As a deterrent, apply MEASURES 14, 15, 17, or 18 from THREATCON BRAVO individually or in a combination.	<ul style="list-style-type: none"> * ACs/S, Area/Tenant Commanders <ul style="list-style-type: none"> -- Institute command responsibilities for Measures 14, 15, 17, or 18 accordingly.
<u>MEASURE 7</u> . Review all plans, orders, personnel details, and logistic requirements related to the introduction of higher THREATCON's.	<ul style="list-style-type: none"> * ACs/S, Area/Tenant Commanders <ul style="list-style-type: none"> -- Review and update as necessary.
<u>MEASURE 8</u> . Review and implement security measures for high-risk personnel, as appropriate.	<ul style="list-style-type: none"> * ACs/S, Area/Tenant Commanders <ul style="list-style-type: none"> -- Identify high-risk personnel. * PMO <ul style="list-style-type: none"> -- Institute protective details as appropriate. -- Coordinate with visiting dignitaries to determine security coordination as needed.

THREATCON MEASURES	COMMAND RESPONSIBILITIES
--------------------	--------------------------

THREATCON DELTA

<p><u>MEASURE 40.</u> Continue or introduce all measures listed for THREATCON's BRAVO and CHARLIE.</p>	<p>* ACs/S, Area/Tenant Commanders</p> <p>-- Introduce "responsibilities" listed for THREATCON's BRAVE and CHARLIE accordingly.</p>
<p><u>MEASURE 41.</u> Augment guards as necessary.</p>	<p>* ACs/S, Area/Tenant Commanders</p> <p>-- Report to the BOC requirements for additional guard personnel.</p> <p>-- Be prepared to provide BOC's requirements for additional guard personnel.</p>
<p><u>MEASURE 42.</u> Identify all vehicles or mission support areas.</p>	<p>* ACs/S, Area/Tenant Commanders</p> <p>-- Identify vehicles as required.</p> <p>-- Ensure guard/security personnel are briefed on authorized vehicles.</p> <p>* PMO</p> <p>-- Institute spot check to ensure compliance.</p> <p>-- Prepare for surge for vehicle registration/record checks.</p>
<p><u>MEASURE 43.</u> Search all vehicles and their contents before allowing entrance to the installation.</p>	<p>* PMO</p> <p>-- Institute 100% vehicle searches at gates.</p> <p>-- Notify cooperating federal and military agencies of requirement.</p> <p>-- Coordinate with the NC State Highway Patrol, Jacksonville Police Department and Onslow County Sheriff's Office, as apt.</p> <p>* ACs/S, Area/Tenant Commanders</p> <p>-- Instruct civilian and military personnel and contractors to keep traffic into the Installation to an absolute minimum.</p> <p>* CPAO</p> <p>-- Notify the public accordingly.</p>

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

THREATCON MEASURES	COMMAND RESPONSIBILITIES
<u>MEASURE 44.</u> Control access and implement positive identification of all personnel.	<p>* PMO</p> <p>-- Continue 100% ID checks at gates.</p> <p>* ACs/S, Area/Tenant Commanders</p> <p>-- Institute 100% ID checks at all MEVA's.</p> <p>-- Establish access rosters to all MEVA's.</p> <p>-- Restrict access to MEVA's to mission-essential personnel only.</p>
<u>MEASURE 45.</u> Search all suitcases, briefcases, packages, etc., brought onto the installation.	<p>* PMO</p> <p>-- Institute searches at installation gates.</p>
<u>MEASURE 46.</u> Control access to all areas under the jurisdiction of the United States.	<p>* PMO</p> <p>-- Contact the NC State Highway Patrol and the Onslow County Sheriff's Office to request increased patrols and spot checks on Highways 24, 17, 210, and 172.</p> <p>-- Contact the Jacksonville Police Department to request increased patrols and spot checks on Highway 24.</p>
<u>MEASURE 47.</u> Frequent checks of building exteriors and parking areas.	<p>* ACs/S, Area/Tenant Commanders</p> <p>-- Institute checks accordingly.</p>
<u>MEASURE 48.</u> Minimize all administrative journeys and visits.	<p>* ACs/S, Area/Tenant Commanders</p> <p>-- Minimize journeys and visits accordingly.</p>
<u>MEASURE 49.</u> Coordinate the possible closing of public and military roads and facilities with local authorities.	<p>* PMO</p> <p>-- Contact local law enforcement authorities. Institute actions as appropriate.</p>
<u>MEASURE 50.</u> Spare.	Spare

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

APPENDIX C

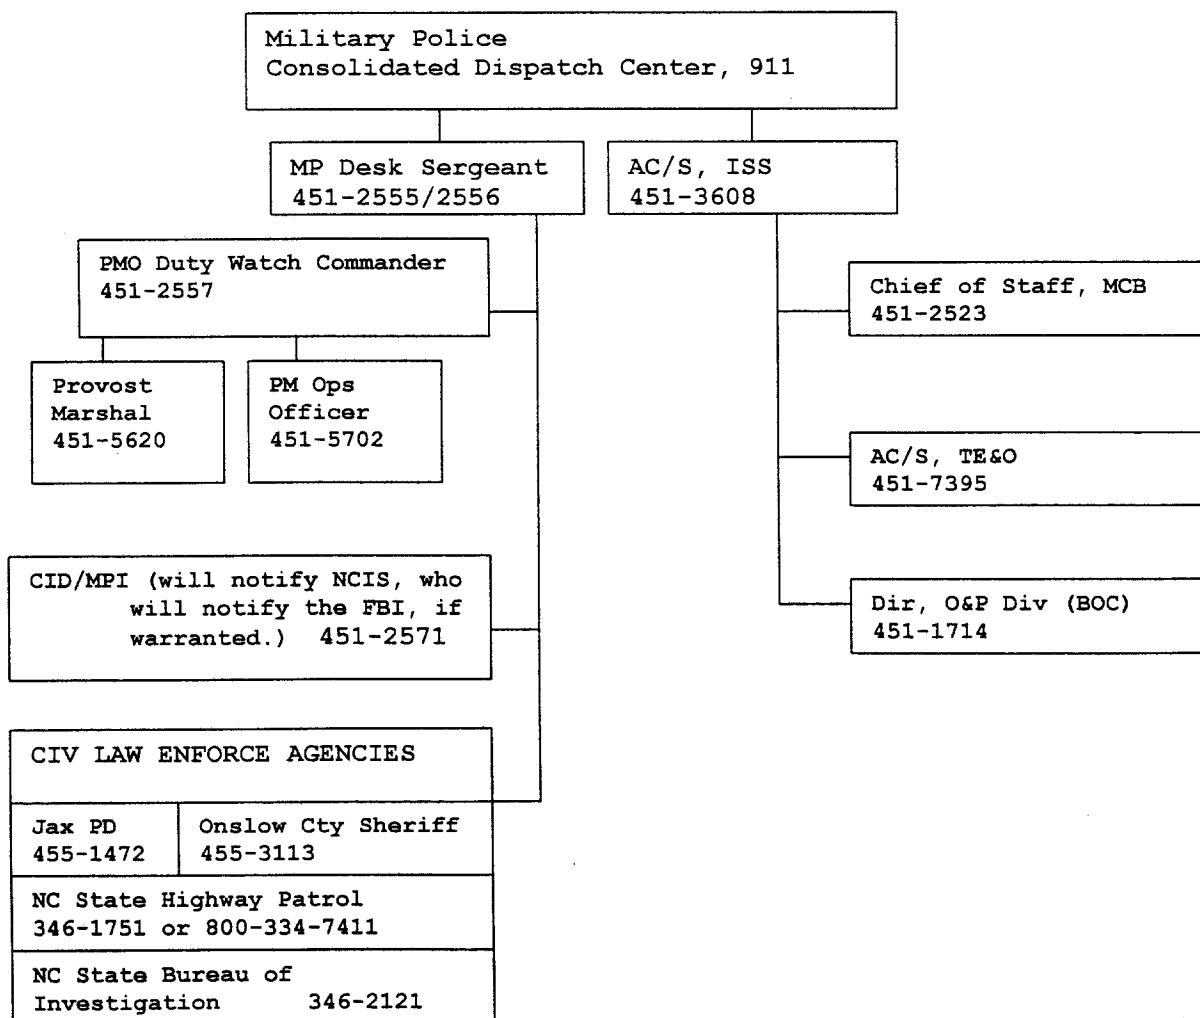

NOTIFICATION PROCEDURES

1. General. Command notification is vital to the proper and timely dissemination of information to those bearing ultimate responsibility for accurate handling and reporting of AT/FP-related incidents and activities impacting Camp Lejeune. This appendix describes the notification procedures to be followed in the event of a terrorist incident.

2. Responsibilities

a. During Normal Duty Hours

(1) Notification Flow Chart beginning with person receiving information:

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

Flow Chart (continued)

C/S, MCB, CamLej will notify	AC/S, TE&O, MCB, will notify	Dir, O&P Div (BOC) will notify
CG, MCB, CamLej 451-2526	AC/S, MANP 451-2220	French Creek AComdr, 451-1810
CG, II MEF 451-8950	Dir, CPAO 451-2751	Court House Bay AComdr, 450-7136
CG, 2d MARDIV 451-8000	AC/S, LOG 451-2934	Camp Johnson AComdr, 450-0912
CG, 2d FSSG 451-5504	AC/S, FAC 451-3034	Camp Geiger AComdr, 450-0179
	AC/S, COMPT 451-2427	Stone Bay AComdr, 450-2916
	SJA 451-5502	CO, NavHosp 450-4007
	AC/S, MCCS 451-2525	CO, HqSptBn, MCB 451-5403

b. During Non-Duty Hours:

(1) The person in receipt of initial information will notify the Consolidated Dispatch Center (911).

(2) The Consolidated Dispatch Center will notify the MP Desk Sergeant (451-2555).

(3) The MP Desk Sergeant will notify the Military Police Desk Sergeant and the MCB Command Duty Officer at 451-2414.

(4) The MP Duty Watch Commander will notify the Provost Marshal and the PMO Operations Officer and will initiate an MP recall.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

(5) The Provost Marshal will notify the AC/S, Installation Security and Safety.

(6) The AC/S, Installation Security and Safety will notify the Chief of Staff, MCB, CamLej, who will in turn notify the CG, MCB, CamLej and request implementation of this Plan.

(7) The Base Command Duty Officer will notify the AC/S, TE&O, who will activate the BOC, if required. If the BOC is activated, the AC/S, TE&O will notify:

- (a) AC/S, Manpower
- (b) Dir, CPAO
- (c) AC/S, Logistics
- (d) AC/S, Facilities
- (e) AC/S, Comptroller
- (f) Staff Judge Advocate
- (g) AC/S, MCCS

(8) II MEF Command Duty Officer, 451-8149.

(9) 2d MARDIV Command Duty Officer, 451-8319.

(10) 2d FSSG Command Duty Officer, 451-2826.

c. The Chief of Staff, MCB, CamLej will promulgate a FROST CALL to alert all activities aboard Camp Lejeune of the establishment of a THREATCON.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

APPENDIX D

INSTALLATION AT/FP EXERCISES

1. General. Appendix D outlines the general planning sequence for the conduct of installation AT/FP exercises.

2. Responsibilities. Installation AT/FP exercises are the responsibility of the AC/S, ISS, in close cooperation with the AC/S, TE&O and NCIS. The AC/S, ISS's responsibilities can be divided as follows:

a. Organizes an AT/FP working group to provide initial evaluation of the current AT/FP Plan in light of current threat circumstances and any changes that may have occurred since the last AT/FP Plan review.

b. Identifies an installation AT/FP project officer whose major additional duty for the duration of the AT/FP exercise cycle is successful completion of the AT/FP exercise cycle.

c. Issues a coordinating draft of the AT/FP Plan for review by installation command, staff, and tenant organizations.

d. Conducts the installation level exercise, which, at a minimum, will include activation of the BOC/CMT. The exercise will also include a minimum of three parts:

(1) An AT/FP Plan review/instruction period.

(2) An active exercise period.

(3) An after-action review period.

The actual time allotted for the conduct of each exercise will vary dependent upon installation priorities.

3. AT/FP Exercise Concept. The annual AT/FP exercise, which will include all four THREATCON's, will be designed to test the AT/FP Plan in order to identify shortfalls and weaknesses. Special attention will be given to implementing security measures under THREATCON's CHARLIE and DELTA. Crisis and consequence management aspects of AT/FP procedures will also be included.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

4. Exercise Cycle. The annual AT/FP exercise cycle will last approximately four months: three months planning the exercise (E-90) and one month after-action review and AT/FP Plan revision (E+30). The period will generally be announced in the August/September timeframe, before the new Fiscal Year. The planning sequence for the annual AT/FP exercise follows ("E" refers to "Exercise Day."):

a. E-90. AC/S, ISS announces formation of the annual AT/FP working group. Membership will include representatives from TE&O, TE&O, and NCIS at a minimum. Initially, meetings will be held to review the current Plan based on current threat information and any changes that may have occurred on Base or in the region. At first, the AT/FP Plan will be staffed among the staff organizations present at this meeting.

b. E-75. The deadline for the AT/FP working group to complete an internal review of current AT/FP Plan. AT/FP working group consolidates input and draws up a coordinating draft of AT/FP Plan.

c. E-70. Upon completion of the coordinating draft of the AT/FP Plan, it is staffed to MCB, Camp Lejeune, command, staff, and tenant organizations for review.

d. E-55. Review deadline.

e. E-45. AT/FP working group completes revision of AT/FP Plan based upon command, staff and tenant organizational input and develops concept for annual AT/FP exercise. Revised AT/FP Plan and exercise concept is submitted to the AC/S, ISS for review.

f. E-40. AC/S, ISS approves revised AT/FP Plan concept, and directs AT/FP working group to draw up LOI for annual AT/FP exercise.

g. E-30. AT/FP working group draws up LOI, which is then forwarded to the AC/S, ISS for approval.

h. E-25. AC/S, ISS approves LOI, which is forwarded to C/S, MCB, CamLej for approval.

i. E-21. C/S, MCB Camp Lejeune, approves AT/FP exercise concept.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

- j. E-14. AT/FP LOI is published.
- k. "E DAY." Exercise Day.
- l. E+1. Draft After-Action Review for staff evaluation is completed.
- m. E+7. Deadline for return of draft After-Action Review.
- n. E+10. After-Action Review completed. Following CG, MCB, Camp Lejeune, approval, review is submitted to Marine Corps Combat Development Center (MCCDC)/Commandant of the Marine Corps (CMC).
- o. E+20. AT/FP working group integrates After-Action Review comments into revised AT/FP Plan, as appropriate. Post-exercise Plan is forwarded to the CG, MCB, Camp Lejeune, for approval.
- p. E+30. Upon approval by the CG, MCB, Camp Lejeune, the post exercise Plan is published as new AT/FP Plan.

Note: Nothing in this Appendix should be construed to discourage AT/FP exercises longer than one day's duration.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

APPENDIX E

GLOSSARY/ACRONYMS

GLOSSARY

Antiterrorism (AT). Defensive measures taken to reduce the vulnerability of individuals and property to terrorist acts to include limited response and containment by local military forces.

Combating Terrorism. Actions, including antiterrorism and counter-terrorism, taken to oppose terrorism throughout the entire threat spectrum.

Counterintelligence. Information gathered and activities conducted to protect against espionage, other intelligence activities, sabotage, or assassinations conducted for or on behalf of foreign powers, organizations, or persons, or international terrorist activities, but not including personnel, physical, document, or communications security programs.

Counter-terrorism. Offensive measures taken to prevent, deter, and respond to terrorism.

Deterrence. The prevention from action by fear of the consequences. Deterrence is a state of mind brought about by the existence of a credible threat of unacceptable counteraction.

High-risk Personnel. U.S. personnel and their family members whose grade, assignment, travel itinerary, or symbolic value may make them especially attractive or accessible terrorist targets.

Incident Control Point. A designated point close to a terrorist incident where crisis management forces will rendezvous and establish control capability before initiating a tactical reaction.

Initial Response Force. The first unit, usually Military Police, on the scene of a terrorist incident.

Installation. A grouping of facilities, located in the same vicinity, which supports particular functions. Installations may be elements of a Base.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

Installation Commander. The individual responsible for all installation operations.

Negotiations. A discussion between authorities and a barricaded offender or terrorist to effect hostage release and terrorist surrender.

Open Source Information. Information of potential intelligence value (i.e., intelligence data) that is available to the general public.

Operations Center. The facility or location on an installation, base, or facility used by the commander to command, control, and coordinate all crisis activities.

Operations Security (OPSEC). A process of identifying critical information and subsequently analyzing friendly actions attendant to operations and other activities to:

a. Identify those actions that can be observed by adversary intelligence systems.

b. Determine indicators hostile intelligence systems might obtain that could be interpreted or pieced together to derive critical information in time to be useful to adversaries.

c. Select and execute measures that eliminate or reduce to an acceptable level the vulnerabilities of friendly actions to adversary exploitation.

Physical Security. That part of security dealing with physical measures designed to safeguard personnel, to prevent unauthorized access to equipment, installations, material and documents, and to safeguard them against espionage, sabotage, damage, and theft.

Prevention. The security procedures undertaken by the public and private sector in order to discourage terrorist acts.

Proactive. Measures taken in the preventive stage of antiterrorism designed to harden targets and detect actions before they occur.

Signal Security. A generic term that includes both communications security and electronic security.

ANTITERRORISM/FORCE PROTECTION PLAN (AT/FP PLAN)

Tactical Security. In operations, the measures necessary to deny information to the enemy and to ensure that a force retains its freedom of action and is warned or protected against an unexpected encounter with the enemy or an attack.

Terrorism. The calculated use of violence or threat of violence to instill fear. Terrorism is intended to coerce or to intimidate governments or societies in the pursuit of goals that are generally political, religious, or ideological.

Terrorist. An individual who uses violence, terror, and intimidation to achieve a result.

Terrorist Groups. Any element regardless of size or espoused cause, which repeatedly commits acts of violence or threatens violence in pursuit of its political, religious, or ideological objectives.

Threat Analysis. In antiterrorism, threat analysis is a continual process of compiling and examining all available information concerning potential terrorist activities by terrorist groups that could target a facility. A threat analysis will review the factors of a terrorist group's existence, capability, intentions, history, and targeting, as well as the security environment within which friendly forces operate. Threat analysis is an essential step in identifying probability of terrorist attack and results in a threat assessment.

Threat and Vulnerability Assessment. In antiterrorism, the pairing of a facility's threat analysis and vulnerability analysis.
